Spring Home is the world leading brand of spring roll pastry, and known for its extensive range of frozen convenience food products such as roti paratha, Indian samosa, glutinous rice balls and cocktail prawn, just to name a few.

Its award winning frozen spring roll pastry makes it so easy to make fresh spring rolls at home.

They are thicker than rice paper and hence much easier to use and fold. The result is perfect, big spring rolls with that thick, crispy crust...
